Address:	[Redacted]																				
Tel:	[Redacted]																				
Other Offices:	<a href="#">Show/Hide Offices...</a>																				
Website:	[Redacted]																				
Type:	Wealth Manager																				
About:	[Redacted] offers wealth management to ultra high-net-worth individuals and their families. It offers its clients services including investing, wealth structuring, capital advisory, philanthropy and banking. It has multiple offices around the globe, and in many states in the US. It is [Redacted].																				
Assets (mn):	Total Assets Under Advisement (USD bn):	770,000																			
Source of Allocation:	Part of Private Equity allocation																				
Allocations:	<table border="1"> <thead> <tr> <th rowspan="2">Type</th> <th rowspan="2">Investing</th> <th colspan="2">Current Allocation</th> <th colspan="2">Target Allocation</th> </tr> <tr> <th>Amount (mn)</th> <th>%</th> <th>Amount (mn)</th> <th>%</th> </tr> </thead> <tbody> <tr> <td>Unlisted Infrastructure Funds</td> <td>Yes</td> <td>-</td> <td>-</td> <td>-</td> <td>-</td> </tr> </tbody> </table>					Type	Investing	Current Allocation		Target Allocation		Amount (mn)	%	Amount (mn)	%	Unlisted Infrastructure Funds	Yes	-	-	-	-
Type	Investing	Current Allocation		Target Allocation																	
		Amount (mn)	%	Amount (mn)	%																
Unlisted Infrastructure Funds	Yes	-	-	-	-																
Investment Plans:	[Redacted] gains exposure to infrastructure via its overall allocation to private equity investments. The firm puts a large emphasis on diversification among such investments, across geography, strategy and vintage year, though within the infrastructure umbrella, it has a preference for energy-focused investments.																				

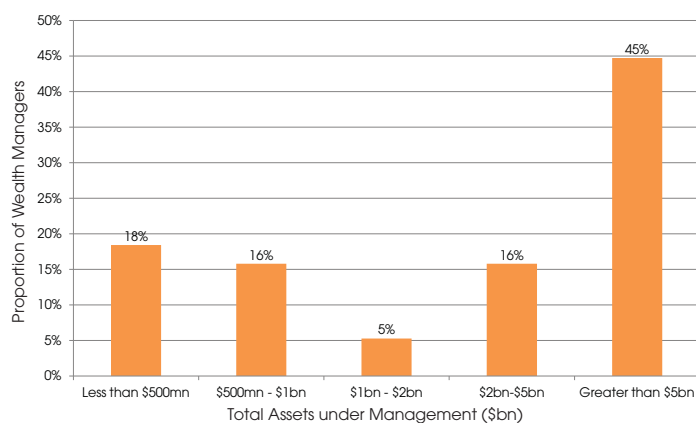

The charts below demonstrate how this newly available data can provide insight into wealth managers investing or considering investing in infrastructure. Fig.1 shows that more than half (54%) of wealth managers actively investing in infrastructure are located in Europe, with North America and Asia & Rest of World following at 33% and 13% respectively, while Fig. 2 reveals that almost half of wealth managers that invest in infrastructure have more than \$5bn in assets under management, making them an important potential source of capital for infrastructure funds.
